Assessor Comments: A good line of Angus str weaners.Bred out of predominately Angus cows & the odd Angus x cow by the Moogenilla &

	Kenny’s creek bulls.These strs were weaned on the 16/12/25 and treated with Cydectin Platinum pour on & 7in1.Due to the season drying off these steers are in store condition but would forge ahead given the right conditions.Please note approximately 7 showing slight white scarring in eye,1 with warts on face and 2 white under belly.
