Assessor Comments	Good opportunity to put together a large line of 258 one mark breeders heifers that were all weighed between 300-415 kg to be sold as 3 even runs of 86 out the gate. These heifers have maturity and growth on their side which should mean good compensatory weight gain for the prospective purchaser. The Yammatee cattle have a great reputation with many feedlots throughout the eastern states and I have had good feed back regularly about their performance in feedlots.
