Assessor Comments	100 Watervalley black angus heifers pregnancy tested empty, Ex Mt Scott, Ave 256.6kg LW Curfewed. Presenting in fresh store condition being a good neat draft of young Angus heifers, 6 with white udders, 1 horn, 3 scurs and the odd heifer with a brownish coat. The heifers have been subject to drier seasons, being fed on hay and will go forward fast shown feed. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
