Assessor Comments	65 Watervalley black angus heifers pregnancy tested empty, Ex Mt Scott, Ave 349.6kg LW Curfewed. 2022 & 2023 drops, only 5 mouthed at assessment. 3 with 2 teeth, 2 milk teeth. The heifers have been subject to drier seasons, being fed on hay but have a good store frame that will hang weight on fast shown feed. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
