Assessor Comments	This group traditionally retained as future breeders , surplus to requirements due to harsh season . Colours range from Red baldies , red and roan. Tremendous natured cattle excellent to handle majority present in forward store condition, display good growth for age despite worst season on record have weaned exceptionally well and ready to turn out. Growth and length that you would expect from these two breeds. Cattle with a good history of performing in feedlot situation with excellent daily gains. Plenty of money spent on Sires at Artimore with most Shorthorn bulls being purchased from Futurity and Simmental bulls from Woonallee . Outstanding breeder prospects and have proven to make high performing cows. Excellent grass finishing or feedlot backgrounding prospect.
