Assessor Comments	334 M/J 2021 drop Woodoona blood merino ewes. Bred in the Flinders Ranges, these ewes are part of a flock reduction due to feed conditions. October shorn and with plenty of frame, ewes will grow given feed - ideal breeders to put out on a stubble and join up to a Xbred ram. Ewes present in Forward store condition and have had lambs weaned off them for a week. M&TS, solid mouths, weighed 53.2kg @ assessment. Please note - Vendor also has 307 mixed age ewes, and 220 wooly wether lambs up for offer in the yards. Please contact for more information.
