Assessor Comments	2 x 283 head (566) 5 1/2 year old ewes on offer. The Glenville blood ewes are large frame, heavy cutting, fertile sheep. The ewes have had their lambs weaned off in the past couple of days, which is why they are showing a few udders in the photos. Well, there is many an opportunity in these sheep, with a big start in the jacket. To either shear now or a little later on. Also mate up to the ram of your choosing. Their mouths are quite sound and solid. Ewes had a full crutch in the past 2 weeks. Assessed 139 head out of 566 head. Top weight 84 kg, bottom weight 51 kg, averaging 66.1 kg at assessment.
