Assessor Comments	Quality line of very well bred unclassed ewe lambs! Bred well and fed well they exhibit very good weight for age with a great return on their backs! Mulsed up and ready to be grown out and joined for many prosperous years ahead. Vendors have chosen to farm a few more paddocks this year so the opportunity is yours! In recent years the vendors have introduced Cassislis Park rams to the mix and the results are outstanding. These young ewes would be a great asset to any prime lamb production system or alternatively set the scene for an excellent merino breeding operation. The complete drop of Molgo Pty Ltd ewe lambs offer a great preposition to be shorn and resold into lucrative spring markets or joined and lambed down when the time suits. Ewes will require crunching or shearing soon to gain maximum growth.
