Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Well bred line of feeder lambs 35-52kg at assessment. Lambs are currently performing well and self sown canola but feed quality closing fast. They carry a clean bill of health and are an ideal article to take forward. Lambs show good frame and will reach export weights if given the opportunity. Lambs best described as forward store to forward condition with the lead 30% of the lambs in fresh forward condition. Opportunity for a short term trade if required though iearly suited to carry for lucrative winter markets. Vendor offering total of 800 lambs in sale over two groups. Please call for further information.
