Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	320 M/J/J 2024 Drop - MWL, Nyowee blood, Bare shorn. A small % of ewe lambs in line. Lambs have been on full grain Barley/Lupins/Laucke 60 grain balancer for the past 40-50 days. These lambs would usually be taken through to export lambs, but due to the season vendor has chosen sell lambs to retain ewes. Please note - 540 fed lot store lambs to be offered on the same day in the Quorn area Lambs present in forward fresh condition, excellent growth and frame, ready to ahead in a feedlot. Lambs should grow into heavy export lambs shown the correct conditions.
