Assessor Comments	Good quality line of vendor bred lambs presenting in forward store to forward condition. These lambs show good frame and growth for their age in what has been a very tough season. They present well as a group and given the right nutrition will grow into quality export lambs if desired. Sired on 'Bogolara' Bookham and weaned to 'The Junction' the lambs have performed very well given the dry season. Normally retained and grown out, an opportunity presents to purchase a large run of lambs that will be suitable for slaughter in a short space of time. Please note: DPT Pty Ltd will offer a further 3 lots of lambs in today's sale.
