Assessor Comments	The complete drop of Merino wether lambs out of the Foxes Plain flock with a small tail removed. These lambs are sired by Snowy Plain/SnowVale Poll Merino rams with some Billa Burra Burra blood also. Lambs have been weaned and present in fresh, forward condition with a 54mm staple of wool on their back. Lambs have been mulesed and are up to date with health treatments. These would be ideal for a shear, fatten and kill or to retain as wool growers for many years. Rams were selected on wool cut, wool quality and carcass. Please note: Agent can arrange freight with weekly market trucks to Wagga.
