Assessor Comments	715 merino wth lambs averaging 32.5kg at assessment. They are July / August drop and were shorn on the 28/1/25. After shearing they were drenched and backlined with encore. The vendor purchased Nareen Station and Mountain Dam ewes and joined them to Nareeb and Stud Park South Merino rams. A tail of 150 has been drafted off. There is a small percentage of the lambs with horns, see photos. They are all grain trained and have been on lick feeders for the past 2 months. Last year they went to SA with the purchasers calling to comment on how well they grew out. Well bred lambs that haven't seen green feed since Nov.
