Assessor Comments	720 2nd X Lambs (Border/Merino X Poll Dorset), August/September 24 Drop, 3rd of February Shorn. Lambs have been running on pastures of short fresh perennial rye and clover mix. Lambs are in forward store condition but are all frame and ready to take the next step. With the winter coming towards us, runs of lambs like these aren't plentiful. All lambs have been individually weighed through the auto scales at 40 kgs up. There are 125 lambs that 50 kgs -65 kgs. Lambs are all frame and not a lot of condition. There is quick gain in these lambs given the right grazing conditions, there's a huge amount potential with the breeding of these lambs. Please note that there is just shy of 200 lighter lambs of the same vendors in the lamb sale.
