Assessor Comments	A quality line of 165 Merino ewe lambs, June/July 2024 drop, bred for performance and longevity. All unshorn and carrying 60-80mm of bright, well-nourished wool. These ewe lambs have grown out well for age , displaying the quality, structure, and performance expected from Cora-Lynn bloodlines, which are based on the renowned Pooginook genetics. This is the final dispersal of this vendors flock with 20+ years of Cora Lynn blood. Buyers note: odd ewe has a broken skin from old fly strike but has cleaned up well. Not considered detrimental to health of ewes. Also note odd ewe has horns. The wether portion will be sold in the lambs sale.
