Assessor Comments	A well presented affordable line of SIL ewes, 100% SIL to Ulandi North White Suffolks. These ewes had 120% lambs weaned last season without being scanned, they are very good breeders and mothers. They were recently shorn at 6 months wool cutting 3kgs in the press, Vendor has vaccinated with Eweguard at the assessment so they can go straight to the paddock. Ideal ewes to lamb down one more time then hook after weaning lambs. Majority are 2020 Drop and all are big frame/ boned ewes that will yield well.
