	Properly yard weaned and educated weaners that were a pleasure to handle. Stood on the scales with a minimum of fuss & exited the crush camly. Out of a well handled Cow Herd and have no hesitation in recommending their temperament.

Assessor Comments	Two decks of Top Quality Spring Drop Angus Steer Weaners that are going forward since weaning. Out of a high grade Angus Herd with the dams of these calves being predominantly Hazeldean Blood and sired by Hazeldean, Bowmont & Dunoon Bulls. Coming through a challenging seasonal period these calves have made great growth rates with limited paddock feed all of their lives. Currently being fed 8kg/head/day of chopped Lucerne Hay in feed troughs since weaning. These steer weaners show all the positive attributes of the Angus breed - great temperament, growth and weight for age and easy doing. These steers will grow out into A grade feeders or take through to heavyweight grassfed kill cattle. Well bred, properly yard weaned, quiet steers that will continue to gain weight going forward. Grassfed & antibiotic free declaration available upon request.
