Assessor Comments	An outstanding line of one mark vendor bred Hicks Composite Weaner Heifers. This is the entire drop of the Langulac PTY LTD Spring Hicks Beef composite 2024 heifers to be offered as a complete dispersal. These heifers offer an opportunity not to be missed, they are up to date with all animal health treatments and weaned for over a month. The Hicks beef program has a keen focus on maternal qualities. These heifers have been bred out of exceptionally high indexing Highs Composite bulls and will not disappoint.
