	Heifers were easy to move around the yards and have been educated at weaning. They are a pleasure to work with in the paddock and yards.		
Handled With	Bikes , Vehicles		
Assessor Comments	A brilliant opportunity to secure and even line of very well bred EU Angus heifers that have many years of breeding backing		

them. No Heifers have been retained from this self replacing breeding operation this year and a tail of 40% has been removed from the draft. These heifers come with my highest recommendations and would suit being joined or fed on. They are a pleasure to handle and have been run under commercial conditions in a tough year, given the opportunity I would expect exceptional growth and weight gain potentials. 3 or 4 heifers have some old pink eye scarring, not considered detrimental.
