Assessor Comments	A great line of quality bred steers. Easy to handle through yards as were yard weaned for 7 days in early December, before putting on irrigated pastures. Feb/March 2024 Drop of steers with the tail taken off. This is the annual sale of weaners, and they come from a Stoney Creek bloodline. They were drenched and vaccinated at weaning time, and have had a booster. These cattle present in fresh forward store condition with the odd store condition. Have been weighed to a tight weight range. They are of very quiet to docile temperament, and have been handled extensively throughout the weaning period and beyond. The vendor also has a line of heifers up for sale in this auction as well. Put the two lots together to make a semi load.
