Assessor Comments	On offer is 12 decks of Brahman/Droughtmaster Cross cows with 1-3 month old Angus X calves at foot. Cows are medium to large frame with only an extremely small potion described as small framed. Cows commenced calving in December 2024 and finished in February 2025 in a good calving window. Calves are by Angus bulls are most calves are usually sold to the Woolworths trade. Cows are a pleasure to handle in the yards and flow well through the round yards and up the race into the crush. Cows are in good store condition with a portion being forward store condition with the age being from 4-13 years old- please note only 6% of cows with age brands are 10-13 years old. Given the opportunity these cows would go ahead quickly on good feed while also providing a very good calf to wean. 1 x cow at assessment noted bottle teat. 3 x cows noted with hip offs. A good opportunity to trade good frame cows and get a good quality weaner to carry on with. Local transport can be arranged.
