Assessor Comments: A small line of Angus & Angus X cows & calves that present in strong to forward store condition. These units have been running on lightly timbered hill country and are mostly doing a good job on their calves and offer potential buyers good compensatory weight gains if put onto crop or pastured improved country. Vendor is only selling due to a change in their program. Please note that 1 cow has worn teeth & 1 cow is broken mouth, please refer to photos for further description & one cow has a white patch on her Jaw. Also note that the vendor has another lot of 10 station mated Angus cows with calves in the same sale.
