| Assessor Comments                     | A good line of Speckle Park/Angus Cross Heifers. Young cows with calves at foot by Angus Bulls and rejoined to Angus Bulls. Heifers are medium, large frame and doing a good job on their calves. 1 small Calf is drier looking than others (photo attached). 1 Calf had active pink eye and was treated with Orbenin Cream (will require further treatment). Heifers did tend to run about in the yards but nothing aggressive and easily blocked up. 15 calves at foot by Angus Bulls, 9 heifers and 6 males Av 115kgs. 2 smaller calves 48kgs, 65kg. Balance from 100-139kgs. 9 calves showing Angus type, 6 calves showing Angus, Speckle Park Cross type. Heifers rejoined to 2 Angus Stud bulls. Very good young cows with calves at foot - make good future breeders. |                                                                                    |                                                                               |
