Handled With	Bikes , On foot , Vehicles		
Assessor Comments	A good line of continuously joined, Speckle Park heifers. They have been station-mated to Angus and Speckle park bulls. Heifers presented in forward condition. All heifers were mouthed at assessment (3 - milk tooth, 7 - two tooth, and 1 - four tooth). The majority of the milk-tooth heifers are close to breaking into twos. Would suit to calve down and grow heifers onto a kill carcass weight or potentially use as future breeders. NOTE: All heifers were treated for buffalo fly at assessment.		
Assessor	Hannah Dunn (Level 3 Accredited)		
Delivery Period	10/03/2025 to 14/03/2025 (5 days)
