Assessor Comments	No better chance to buy good quality cows and calves on the eve of a big rain event that could spike the market immensely. Cows are majority a Angus speckle Park Cross with some British cross cows in the mix, Cows are very quite are mostly large frame that are carrying young calves that present in fresh condition. Cows have been running back with a Charolais bull since calving, four out of the ten male calves have been marked already. These units offer a great two split option later on in the season as cows will respond quickly to a rising plain of nutrition, Calves show great shape with the Euro cross of the Charolais genetics that will continue to grow into great quality weaners. Don't miss this Opportunity.
