Handled With	Vendor spends a lot of time working with cattle, these females were good to handle Horses , On foot
Assessor Comments	A small but nice line of preg tested females, all of the cows in this lot are safely preg tested to have either their second or third calf. Cows present in forward condition having benefited from a fair season, given the right opportunity they should continue to do well up to and through calving. Cows are preg tested to Angus and Limousin bulls that produce calves with good muscle and softness. Vendor has a line of cows and calves in this sale also.
