Assessor Comments

A nice line of 24 young Angus Cows, Bongongo blood, PTIC to Wirruna Hereford bulls, 522.6 kgs. Cows were purchased by vendor in 2023 as weaners and since gone on to rear a calf and are now being offered PTIC due to drying season. Cattle present in healthy condition seeing as they have had calves weaned recently. These cattle are PTIC 100 plus days in calf and present a great opportunity to turn out on feed with all the work done. Please note vendor will also offer another line of cows in this sale.
