Assessor Comments

Yes

100% of cattle in this lot are Lifetime Traceable

Improved pastures  
Returned same

No Burr or Seed of weeds declared noxious observed in the coats at assessment

The owner declares that the cattle have not been treated with HGP at any period of their lives

Not Station Mated

To vendor's best knowledge, this lot has had no access to bulls or stags.

Store Condition

Fwd Store 100%

Yards

Crush

Paddock

Quiet: 7 head

Slightly Stirry: 7 head

Heifers were slightly unsettled through yards and crush, but settled down once back in the mob. Vendor rides around them on quad bike in paddock each day.

Bikes

A neat little line of Santa and Santa cross heifers. They are in good forward store condition and have good frame and would make replacement breeders or are an ideal weight to feed on. Great opportunity to purchase good quality Santa

|                                       |                                                                                                                                                                                                                                                                                                                                                                                              |
