Assessor Comments	A very good quality line of unweaned Angus steers that will make ideal backgrounders for a domestic / export feeding programme. Steers have been sort after by all feedlots. Bulls are selected for high EBV's, growth, good bone structure & length. These steers have been on good feed with their mothers since birth & are going ahead. Of the 33 steers assessed, 7 steers has small amount of white on purse (includes 1 steer with white on pizzle). Steers will be weaned onto the truck.
