| Assessor Comments                     | A nice line of Angus heifers sired by Baringa bulls. A good opportunity to purchase a line of heifers that given the right opportunity would be ideal to grow out and sell as feeders or would suit any MSA markets or be great future breeders. These heifers show good bone and shape.                                                                                                     |  |  |
