Vendor Comments	Steers had to be shifted from lease block in southern western NSW only 3-4 weeks ago due to water issues & are just starting to pick back again & moving forward.			
Temperament	Yards	Crush	Paddock	
	Quiet: 133 head Slightly Stirry: 3 head Stirry: 1 head	Quiet: 134 head Slightly Stirry: 3 head	Temperament not assessed in Paddock	
	Steers processed through the yards easily, some were a little quick when photographing in lane but settled quickly once back in mob and under tree.			
Handled With	Bikes , Dogs			
Assessor Comments	A Large run of good quality weaner/yearling steers that are all frame making excellent backgrounders. Purchased as weaners from the well renown herd of the Marwood families from Kingston in South Australia, steers are from a majortley big framed Simmental / Hereford cross herd that are a base of Quality Woonalee Simmental Genetics, the different family run farms have started to use Pathfinder Angus Genetics through the herd over the past 6 years resulting in a black to Black baldie infused steer in the offspring. Steers Originally went too a lease farm at Booligal in south western NSW where it became hot quickly & water issues forced a move up to western NSW just recently. Steers are growing out well given the circumstances & the nutrition of the feed in pervious months, Given a stable & constant good body of feed these steers should bounce a way and get to feeder weights quickly. Bred from quality Genetics these steers are ideal backgrounding cattle that can only one way !!!
