Assessor Comments	On offer is a very well presented line of NSM Angus heifers that were weighed between 402kg - 510kg to average 440kg LW. Whilst these heifers have not had an opportunity to a bull, the vendors have preg tested them empty for buyers' confidence. Vendor bred portion of heifers are by high indexing Ardrossan Angus bulls and the balance of them are all once removed cattle sourced off Auctionsplus locally or from Southern regions. This line of cattle given their age and weight would be ideal to feed or alternatively would be an excellent group to breed from. Heifers are in tip top condition without being overdone and are still on the do even in the current dry conditions. This line of 145 head will be offered as 2 run out the gate lots of 72 & 73. For any further information please call assessor.
