Assessor Comments	Quality line of late spring drop vendor bred weaned Angus & Black Baldy heifers. Very well-bred heifers being bred out of medium to large frame Bongongo, Rennylea & Reiland Angus blood mothers and sired by high indexing Bongongo, Reiland & Flemington Angus Bulls. Since weaning these cattle have been powering ahead. These heifer weaners are showing excellent growth & weight for their age at 5/6 months. As potential breeders these heifers tick all the boxes, however these cattle would also be suitable for any backgrounding or finishing program. Heifers have been yard weaned and have had all the health treatments and are ready to steam ahead. The vendor is also selling 57 Angus steers & 14 Angus/Black Baldy steers in the same sale today. Excellent opportunity to put 84 very well-bred Angus weaners back together.
