Assessor Comments 28 weaned, vendor bred, pure Orlanga Angus blood steers. A very even line of 7-8 month old steers that have a tight weight range of 240-317kg to average 281kg at assessment. Bred from the Orlanga Angus herd that pride themselves on the temperament and structural correctness of their cattle with no exceptions for these steers. Steers are normally kept and grown out to feeder weights but due to dry conditions are being offered for sale. Currently grazing old lucerne stand and supplement fed oaten silage. Presenting in store condition and ideal to put away for the winter.
