Assessor Comments	Tarrone View offer an outstanding line of 65 tops of their Winter born steers that tick all the boxes. These calves are bred from Pathfinder blood cows that have tremendous depth and width throughout and these steers are showing all of those attributes. These quality steers have had all the treatments and have been weaned up properly and given the right grazing conditions will thrive into growing out to feeders or bullocks. Past buyers have been extremely happy with these steers and they come with my highest recommendation. Please note 3 calves marked at weaning with just a little bit of dry cod remaining. Also interested buyers note vendor has another group of 100 2nds in the same sale.
