	Vaccinated	09/03/2025	7in1	First Dose	
Eligibilities	Russian Eligible	Saudi Eligible	PCAS Eligible		
J-BAS Score	6				

Vendor Comments	Normally all retained for breeding, they are our best genetics on the farm. It's disappointing to have to sell them.
-----------------	--

Joining Details	Not Station Mated		
Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.		
Temperament	Yards	Crush	Paddock
	Quiet: 77 head	Quiet: 76 head Slightly Stirry: 1 head	Temperament not assessed in Paddock
	I was impressed how calm the cattle were. They were fantastic to handle through the yards. They have been receiving Beachport Minerals in the troughs which maybe helping them to keep calm during weaning. There was no bellowing at all.		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits		
	3 Head White on the udder and belly		
Assessor Comments	77 EU angus heifers all weighed between 170kg - 262kg to average 209kg full. 25th Aug / Sep / 25th Oct drop 2024. PCAS eligible, Grass fed only, Antibiotic free and Vendor Bred. Landfall, Weeran & Te Mania genetics, selecting for IMF (3.8 plus), growth, structure and overall balance. 3 heifers had some white on its belly. These hfrs have been purposely bred to breed high quality F1 wagyu, the emphasis on IMF in bull selection has been paramount. They were weaned on the 9th of March and will remain in the yards for 5/6 days, they are receiving a pasture hay and silage every day. They are normally all retained for breeding however the tough decision has been made to sell as the property is running out of water. They have weaned extremely well and I was very impressed how calm and quiet they are. A tail of 15 has been removed. 73 steers are also for sale which would make a B double load.		
Assessor	Guy Robertson (Level 2 Accredited) Phone: 0427 347 098		
Delivery Period	18/03/2025 to 21/03/2025 (4 days)
