Assessor Comments *** Complete Herd Dispersal *** Vendors are moving from the district so the Herd must be sold. This herd has been built up over the last three years and this line of heifers represents their first line of replacement heifers. Now on offer as a very even line of Young Angus PTIC heifers in calf too Millah Murrah blood registered bulls bred from the Chapmans breeding program down at Tamworth. Heifers are well grown for age and are very quiet in nature, moderate to large frame easy doing famine types that will make good commercial future breeders. Calving from early June onwards. Great Articles to start a herd with or will make great replacement females in to any Angus herd. Please see another two lines of 34 PTIC young Cows from the same herd in this same sale.
