Assessor Comments	A very good line of medium to large framed Rennylea blood Angus heifers and calves that are extreamly quiet to handle. These heifers were purchased as yearlings, off an Oberon breeder and joined to a choice Angus bull. All heifers calved down unassisted and have not been rejoined. All of these calves have been marked and vaccinated. These young units come highly recommended and will not disappoint. Please not the same vendor has another 24 cows and calves in the same sale.
