	Quiet: 37 head	Quiet: 37 head		Temperament not assessed in		

Cattle are easy and clam to handle. Sometimes move quickly through the yards but no problems. Video is an accurate representation of their temperament

Handled With

Bikes , On foot , Vehicles

Notable Traits

Traits

2 Head Old pink eye scarring

Assessor Comments

Once removed, vendor bred Angus PTIC cows. Purchased as Prix heifers for genetic diversity, the heifers have grown into solid medium framed cows. They present in forward store condition after recently weaning calves in a deteriorating season. The cows are honest and hard working, with empties being culled annually. A tightening season means they are available for your competition- Middle Aged cows with their most productive years ahead of them.
