Assessor Comments	AN EXCELLENT LINE OF 52 PTIC ANGUS HEIFERS TO BE SOLD IN 2 LOTS OF 26 RUN OUT THE GATE. These heifers present an outstanding opportunity for the purchaser to secure a line of exceptional Angus females. They show excellent weight for age and present in a forward, fresh condition. They are well grown and will not take much looking after to calving. They have been joined to an excellent line up of Reiland bulls. The sire group has an average birthweight of +0.9 and 3 out of 4 bulls used are in the top 7% of the breed for IMF (full details in photos). The heifers are due to commence calving from the 23/7 for a tight 6 week calving as identified by the vet. These heifers will continue to mature into outstanding large frame breeders producing quality progeny for many years to come.
