	Quiet: 10 head Slightly Stirry: 2 head Cows were very well behaved throughout assessment. Especially having been through the yards on a few occasions recently - the most recent being for preg testing. Despite this invasive experience, they were easy to handle and very amicable going back up the race and onto the scales. A couple became a bit more anxious when they were drafted into another yard after weighing. Settling down again when it was time for photos though.	Quiet: 12 head	Temperament not assessed in Paddock
Handled With	Bikes , Dogs , On foot , Vehicles		
Notable Traits	Traits 1 Head Minor old Eye Blemish 3 Head White splash on flank		
Assessor Comments	Nice line of vendor bred, pure Rennylea Angus Blood cows. Cows that have done it tough over the trying seasonal conditions of 2024, having not long had their calves weaned off them and still in the process of bouncing back. Despite this, they all produced a super 2024 drop calf. Only offered for sale now, due a management decision to cut back the breeding stock by only retaining the first 2 cycles in the herd. This small lot of proven breeders would be ideal to top up numbers of another pure Rennylea based herd or use as the foundations breeders of a new herd.
