	These heifers were a pleasure to handle. Suitable stock for most levels of livestock handling experience.		
Handled With	Bikes , Dogs		
Notable Traits	Traits 1 Head Old eye scarring (1 eye only). Not detrimental in assessor's opinion. 2 Head White belly		
Assessor Comments	Excellent line of PTIC Angus heifers. The Hoodless family have been using Reiland Angus genetics for 30 plus years. These Heifers are joined to low birthweight & high indexing Reiland Angus sire NLR21S700 to commence calving mid July 2025 for 7 weeks. These heifers show good weight for age and are in good condition for this stage of the pregnancy. These heifers present the purchaser with an outstanding opportunity to secure a neat group of quiet well bred heifers ready to go on and produce quality calves for many years to come. They would be an asset to any Angus breeding operation.
