	Steers were a pleasure to handle through the yards, odd steer baulked going into the weigh box or exited the headbail after mouthing briskly, neither of which would be considered unexpected. after assessment Steers stood quietly and calmly for photos and in many instances needed to be moved away from the camera. walked out after assessment easily with 2 men on motorbikes.

Temperament is spot on with these steers handling very well through the yards and easily let out after assessment, it is not hard to see the education they have received. Core Breeding herd is made up of predominately Drensmaine and canowindra Santas, Rondel Droughtmasters, 5-Star Senepol/Charolais cross, Palgrove and Ardrossan Ultra Blacks with Pluto Brahman. 100% weighed and mouthed at assessment for full buyers confidence with 61 x 2 tooth and balance milk tooth.
