| Assessor Comments | 74 Brangus Cross weaner heifers that average 212 kg at delivery. Based out of a Santa, Charolais, Brangus and Brahman herd of cows, and sired by Brangus and Rockingham Santa/Angus bulls these steers are good performers on grass and are ideally suited to background to heavier feeder weights, future breeders or export heifers. Buyers please note 10 hd branded family mark no difference in heifers. Also note 18 heifers are clean skins but will be buttoned and branded before delivery. Heifers have been mustered last week and weaned off mum and will remain in yards on GQ hay until delivery. Heifers are a pleasure to handle in both the yards and paddock. A large compensatory gain on offer for the purchaser with plenty of frame to pack on the kilos quickly given the opportunity. |
