Assessor Comments	A very good line of 1 brand Acc Breeder. Angus Heifers total of 331 heifers offered this sale. Vendor has only kept 50 replacement heifers from total draft and has taken 5% tail out. Heifers are pure Angus and by Roseleigh Angus Stud - South Australia. Heifers are well grown and show true to type Angus. No Bulls have been with heifers but vendor will inject with Clomate Cloprostenol to ensure heifers are empty. A very good line of heifers suitable to take through to feeder weights or heavy kill heifers or keep as a very good line of replacement females. Steers from Dilbong have always been in high demand from feedlotters. Please Note - extended curfew time and good compensatory weight gain could be had.
