Assessor Comments	Nice line of very quiet heifers that are well and truly weaned and are going ahead on a Lucerne paddock. Out of a very large framed Santa and Santa/Angus cow herd by quality and Watasanta, Benelekay, AAA Angus and Pharo Angus bulls. Calves that have been weaned earlier than normal due to the dry summer but have excellent growth potential given their genetic base. Normally grown out to 450kg feeders at 12-14 months of age. Vendor has steer brothers in this sale also.
