| Assessor Comments | On offer are 55 Angus heifers. These heifers have an average live weight (LWT) of 355.1 kg at assessment, with a weight range of 303 kg to 446 kg. These heifers present a dual-purpose opportunity, as they could be run as trade heifers to keep on and take through to export weights over winter, or kept as future breeders, as they have their whole life ahead of them. This draft of heifers represents the top draft of Angus heifers. Please note, the same vendor will offer 12 lighter heifers in the same sale. |
