Assessor Comments	A very neat tabletop load of Angus weaner steers. By the Rennylea, TeMania & Texas and AI sires ex a very nice cow herd
-------------------	---

these steers show plenty of scale and capacity to grow. Yard weaned back at the start of the month they are primed to power on from here. Extremely quiet after a proper weaning and handling routine, the only disappointing feature is there is 23 of them and not a full three decks! This being the case we have extended delivery to cover the up coming CTLX Blue Ribbon Weaner sales series, so happy to work in to fill a load if required. If the number suits you wont go wrong here, well worth a close consideration.
