	These steers were a pleasure to move around the yards being properly weaned and handled, a couple just became slightly agitated in the confines of the weigh box.		
Handled With	Bikes , Vehicles		

Assessor Comments	This mob of medium to large framed Angus steers are well bred, well handled and right up on all treatments. Young and well grown they represent a good opportunity to buy cattle that will suit either the feeder market or grow out to export weights on grass. One steer , the heaviest, had had a patch for eye treatment, which the vendor has removed to show the healed eye, a small piece of patch remains which will slough off, see photos. The vendor is also offering 25 Black Baldy steers and 7 smaller steers in the same catalogue.
