Handled With

Steers exhibit excellent temperament and were a pleasure to assess.

Bikes

Assessor Comments

Very well bred line of grassfed eligible heavy feeder steers which weighed 471-570kg at assessment. Steers are genuine

larger frame types and ideal to go onto hard feed or a grassfed bullock operation. They stand on excellent structure and carry an excellent calm temperament. Steers were purchased as the tops of the drop from Ellendon Past Co at Bungendore last year as weaned calves and have performed well since arriving on the southern highlands. They stand on sound structure and present very even as a group. Steers carry a clean bill of health and come highly recommended. Please call for further information if required.
